

Shelter "Kivotos Tou Noe - Kriti"

Shelter „Kivotos tou Noe“

The Shelter „Kivotos Tou Noe“ is situated in Nerokourou, southeast from Chania. Throughout the last years it was enlarged and modernized by volunteer helpers and animal lovers.

There also exists a station especially for puppies, an operation room and partially roofed external areas for keeping the dogs in groups.

Why do we need an animal shelter in Chania?

It is a home for

- **Abandoned animals**
that can't survive alone on the streets (puppies, sick and old animals, etc.)
- **Delivered animals**
for reasons like sickness, moving, etc.
- **Re-homable animals**
animals that could find a new home
- **not re-homable animals**
find a last shelter

The Shelter is a central point for

- **emergency calls:** we go to help

Further it is a centre for

- **Sterilisation of strays**
- **Maintenance of strays**
provide food and material to helpers who feed strays and take care of them

„Kivotos Tou Noe Kriti“

the animal welfare association with headquarters in Chania is running the shelter

The cretan association for animal welfare, “Kivotos Tou Noe”, has been responsible for and operating the animal shelter in Nerokourou, Chania, since 2003 officially and legally. The active members are Greek and international people, living permanently on Crete.

Why do we need the cretan animal welfare association „Kivotos Tou Noe Kriti“?

A central goal is to raise awareness of the balance between human beings, animals and environment for the current and future generations. This maintains and raises life quality. Required tools therefore are

● **Informing the public**

In particular this means

Taking responsibility for pets

Sterilization of pets

To love and respect pets

To actively participate in animal protection

Educating children and youths regarding animal protection and to inform the schools on this issue.

- **Publishing and Insisting on the enforcement of Greek laws on animal protection**
if necessary take legal measures
- **Cooperation with the authorities and the local veterinarians**

WE ARE THANKFUL FOR ANY KIND OF SUPPORT
